Remark Office OMR 10.4
October 2020

⭐ indicates customer request

## Features and Enhancements:

- *Advanced Grade Redirection:* If you receive a message box in Advanced Grade/Learning Objectives and close it, you are now properly returned to the Learning Objectives area of Advanced Grade.

Fixes:

- ⭐ *Error Exporting Student Response Report to Excel:* An error 9000 was corrected when exporting the Student Response Report to Excel AND using Standard Test Versions.

- *Error Creating Batches:* An error 438 was corrected when you attempted to create batches in the Data Center.

- ⭐ *Exporting Test Item Data:* An issue was fixed where partial credit values did not display in the Test Item Data export file.

- *Error Using Recognition Tools:* An error 450 was corrected when using the Recognition Tools in the Data Center.

- *Error Setting SMTP Settings:* A null error was corrected when setting up the SMTP settings for email.

- ⭐ *Calculation Adjustments on Test Statistics Report:* The calculations used on the Test Statistics Report when using multiple test versions were adjusted to match those of Remark Office OMR 2014.

- ⭐ *Integrated Item Analysis Report Missing Questions:* A problem was fixed where the Integrated Item Analysis Report sometimes did not show certain questions.

- ⭐ *Empty Custom Header:* A problem was fixed where the user-defined custom report header would end up blank.

- ⭐ *Error Importing Learning Objectives.* An error message 2146232969 "The given key was not present in the dictionary" was corrected when clicking learning objectives after importing them in Advanced Grade.

- *Extra Header Line in Item Response Report.* A problem was fixed when running the Item Response Report using Advanced Multiple Test versions, where an extra "Response" label was added at the end of the report for each test version after the first.
